

Honours are celebrated twice each year: in February, when names are displayed on the Honours board, and again at the Academic Awards ceremony in June.

JJ Bowlen Honours status is awarded to students who:

- Maintain a combined average of 80% in the four core subjects: **Language Arts, Mathematics, Science, and Social Studies.**

Students who do not achieve this minimum average will not be considered for Honours.

- A minimum of **Proficient (PF) 75%** in all other courses.

Highest Academic Achievement (end of year)

Top academic students in each grade, one student will be selected as the Highest academic Achievement recipient. To qualify for consideration, students must meet **all** the following criteria:

- Maintain a combined average of 80% in the four core subjects: **Language Arts, Mathematics, Science, and Social Studies.**

Students who do not achieve this minimum average will not be considered for Honours.

- A minimum of **Proficient (PF) 75%** in all other courses.
